

Webinar #3:

Turning Policy into Practice: Building a Just Transition Ecosystem in Southeast Asia

21 May 2026, 14:00 (GMT+7/BKK/JKT) / 15:00 (GMT+8/SGP/Manila)/ 09:00 am (CEST)

A coordinated approach to developing effective ‘ecosystems’ is key to just transitions in the clean energy economy. Organization and partnerships at the community, national, and regional levels are needed in Southeast Asia - as in all other regions - to ensure that upskilling and reskilling efforts are aligned with market needs and other trends, and that *everyone* has access to opportunities.

As the final webinar in this series dedicated to ***Enhancing Livelihoods and Creating Workforce Readiness for Clean Energy and Sustainable Transformations in Southeast Asia***, we bring together experts from governments, private sector and clean energy skilling to highlight solutions from across Southeast Asia and globally in the areas of:

- 1) Cross-ministry collaborations
- 2) Working with TVETs and academia on green skilling
- 3) Engaging industry and employers
- 4) Leveraging regional partnerships
- 5) Fostering equity and quality pathways

The webinar will include a special preview of the upcoming Toolkit, ***“Enhancing Livelihoods and Creating Workforce Readiness for Clean Energy and Sustainable Transformations in Southeast Asia,”*** to benefit from your inputs ahead of its finalization and planned launch at the 17th Clean Energy Ministerial in October 2026.

Agenda

3 min	Opening <ul style="list-style-type: none">• Moderator <i>Laure-Jeanne Davignon</i>
7 min	Welcome from CEM EPI <ul style="list-style-type: none">• <i>Ms. Badariah Yosiyana, Partnerships Manager, CEM</i>
20 min	Presentation on the Toolkit: <i>Enhancing Livelihoods and Creating Workforce Readiness for Clean Energy and Sustainable Transformations in Southeast Asia</i> <p><i>Speaker: Laure-Jeanne Davignon</i></p> <p>Participants will receive a special preview and opportunity to weigh in on the Toolkit for Governments and their partners, which will include:</p> <ul style="list-style-type: none">• Background and key trends influencing clean energy skills development• Recommendations for governments and their partners• Recommendations in action: examples of successful programs in SEA and globally• Curated listing of tools and resources to support action
55 min	Discussant interventions <p>Moderator: Ms. Shikha Bhasin, Partnerships Manager, CEM</p> <p>Speakers:</p> <ul style="list-style-type: none">- Mr. Saifuddin Suaib (Cipu), Business Development Manager - Indonesia, HDF Energy- Ms. Phuong Tran, Founder & CEO of Vietnam Sustainability, Social Enterprise VSSE- Ms. Reena Suri, Executive Director, India Smart Grid Forum

-
- Ms. Tarini Fernando, Lead, Equitable Transition, World Economic Forum
 - Mr. Michael Williamson, Section Chief, Energy Division, Economic and Social Commission for Asia and the Pacific (UNESCAP)
 - Ms. Carolina Ferreira, Technical Officer, Just Transition, ILO
 - Ms. Azadeh Badieijaryani, Head Secretary, CEM Equality in Energy Transition

Guiding themes for interventions:

- General feedback on the toolkit
- What is needed to build skills and capacity in SEA through cross-sectoral, public/private, and regional partnerships?
- How can SEA governments (multinational, national and sub-national) partner with other stakeholders to create clean energy education, including embedding RE and other clean energy training in existing academic and TVET pathways?

5 min **Closing Remarks**

- **CEM Secretariat**
