Solutions Center Background and Vision

6

CleanEnergySolutions.org

The Clean Energy Ministerial (CEM) launched the Clean Energy Solutions Center in April 2011 for major-economy countries.

- One of 13 CEM Initiatives including:
 - Global Superior Energy Performance Partnership (GSEP),
 - Super-Efficient Equipment and Appliance Deployment (SEAD) initiative,
 - Global Lighting and Energy Access Partnership Global LEAP)
- Led by U.S. Department of Energy, Australia Department of Industry, International Copper Association, and other CEM partners
- Solutions Center is unique as a CEM initiative that delivers services to most countries.
- Has nearly 35 partners, including UN-Energy, IRENA, IEA, IPEEC, Sustainable Energy for All, Bloomberg New Energy Finance and Leonardo Energy

Goals

- **Serve** as the primary resource for clean energy policy information, assistance and peer learning for governments and government-affiliated practitioners..
- **Share** policy best practices, data, and analysis tools across countries.
- **Deliver** dynamic services that enable expert assistance, learning, and peer-to-peer sharing of experiences.
- **Foster** dialogue on emerging policy issues and innovation across the globe.

Primary

- Government Policy Makers
- Advisors

Secondary

- Private Sector Companies
- Energy Entrepreneurs and Investors
- Non-Governmental Organizations
- Civil Society
- Others Engaged in Clean Energy

Target Audiences

Ask-an-Expert: Our Experts in Action

8

CleanEnergySolutions.org

Connects policymakers to a global network of more than 30 energy experts for quick-response technical assistance on policies and programs relating to:

- Renewable Energy
- Energy Access
- Energy Efficiency
- Smart Grid
- Transportation
- Utilities

Delivered no-cost assistance for more than 120 requests from over 60 countries.

To request assistance, register on <http://cleanenergysolutions.org/expert>

Ask-an-Expert

- Technical assistance from global experts on clean energy policy topics

Training/Peer-to-Peer Learning

- Webinars, videos and other resources

Resources

- Reports, data, and analysis tools related to clean energy policy

Christine Lins- Executive Secretary of Renewable Energy Policy Network of the 21st Century (REN21)

10

Christine Lins was appointed as Executive Secretary of the Renewable Energy Policy Network of the 21st Century (REN21) in July 2011. REN21 is a global, public-private multi-stakeholder network on renewable energy that convenes international organisations, governments, industry associations, science and academia as well as NGOs working in the field of renewable energy. REN21 has its headquarters at the United Nations Environment Programme (UNEP) in Paris, France.

Ms. Lins has more than 18 years of working experience in the field of renewable energy sources.

Mr. Li Junfeng– Deputy Director of the Energy Research Institute, National Development and Reform Commission

11

Mr. Li Junfeng is currently serving as the Deputy Director of Energy Research Institute, National Development and Reform Commission. He also holds the professional and academic positions as a Professor and the Chair of the Academic Committee of ERI, and the General Secretary of Chinese Renewable Industrial Association, Vice-Chairman of Global Wind Energy Council, Vice-Chairman of REN 21, etc. He was graduated from Shandong Mining Institute in 1982. Mr. Li is the focal point of REEEP program for the Region of East Asia. He engaged himself of the projects development for GEF and World Bank, UNDP and other program for renewable energy development in China. Recent years, he also involved in Climate Change issue, especially in technology transfer, CDM and carbon trade issues, and has been heading the development of the first CDM project in China. He chaired the Sustainable Energy Task Force of the Chinese High Technology 863 Programme under the tenth national five-year plan, and the member of the Hydrogen Task Force of National High Technology 973 Programme. He facilitated the implementation of the national high technology programme for Wind and Solar PV within the tenth five-year plan. Meanwhile, he is also the chief leader author for the development of Chinese Renewable Energy Law.

Please submit any questions through the “Question Pane” of the GoToWebinar panel

Questions

How did we do?

Your feedback is important! Please complete the poll on your screen

THANK YOU!
