Solutions Center Background and Vision

6

CleanEnergySolutions.org

The Clean Energy Ministerial (CEM) launched the Clean Energy Solutions Center in April 2011 for major-economy countries.

- One of 13 CEM Initiatives including:
 - Global Superior Energy Performance Partnership (GSEP),
 - Super-Efficient Equipment and Appliance Deployment (SEAD) initiative,
 - Global Lighting and Energy Access Partnership Global LEAP)
- Led by U.S. Department of Energy, Australia Department of Industry, International Copper Association, and other CEM partners
- Solutions Center is unique as a CEM initiative that delivers services to most countries.
- Has nearly 35 partners, including UN-Energy, IRENA, IEA, IPEEC, Sustainable Energy for All, Bloomberg New Energy Finance and Leonardo Energy

Goals

- **Serve** as the primary resource for clean energy policy information, assistance and peer learning for governments and government-affiliated practitioners..
- **Share** policy best practices, data, and analysis tools across countries.
- **Deliver** dynamic services that enable expert assistance, learning, and peer-to-peer sharing of experiences.
- **Foster** dialogue on emerging policy issues and innovation across the globe.

Primary

- Government Policy Makers
- Advisors

Secondary

- Private Sector Companies
- Energy Entrepreneurs and Investors
- Non-Governmental Organizations
- Civil Society
- Others Engaged in Clean Energy

Target Audiences

Ask-an-Expert: Our Experts in Action

8

CleanEnergySolutions.org

Connects policymakers to a global network of more than 30 energy experts for quick-response technical assistance on policies and programs relating to:

- Renewable Energy
- Energy Access
- Energy Efficiency
- Smart Grid
- Transportation
- Utilities

Delivered no-cost assistance for more than 120 requests from over 60 countries.

To request assistance, register on <http://cleanenergysolutions.org/expert>

Ask-an-Expert

- Technical assistance from global experts on clean energy policy topics

Training/Peer-to-Peer Learning

- Webinars, videos and other resources

Resources

- Reports, data, and analysis tools related to clean energy policy

Christine Lins- Executive Secretary of Renewable Energy Policy Network of the 21st Century (REN21)

10

Christine Lins was appointed as Executive Secretary of the Renewable Energy Policy Network of the 21st Century (REN21) in July 2011. REN21 is a global, public-private multi-stakeholder network on renewable energy that convenes international organisations, governments, industry associations, science and academia as well as NGOs working in the field of renewable energy. REN21 has its headquarters at the United Nations Environment Programme (UNEP) in Paris, France.

Ms. Lins has more than 18 years of working experience in the field of renewable energy sources.

Arne Schweinfurth– Advisor, Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH

11

Arne Schweinfurth studied Economics in Cologne (Germany), Madrid (Spain) and Montreal (Canada) with a focus on Energy Economics and Environmental Politics. As a consultant for The World Bank, the Deutsche Gesellschaft für Technische Zusammenarbeit (GTZ) GmbH and other international organisations he worked on renewable energy, especially photovoltaic, renewable energy financing and energy subsidies. Since 2010 Arne Schweinfurth is Advisor for renewable energy at the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH in Jakarta, Indonesia. Since July 2013 he holds the position of Principal Advisor for the Renewable Energy Support Programme for ASEAN (ASEAN-RESP). ASEAN-RESP is a regional project that supports the development of the renewable energy sector in the 10 ASEAN member states. The project supports the regional transfer of knowledge and experiences, advises on feasible policy framework conditions for renewable energies and rural electrification, and provides capacity building and development. In addition Mr. Schweinfurth is responsible for the implementation of the Project Development Programme Southeast Asia in Indonesia (PEP SEA) with a focus on private sector cooperation in the bio energy and solar power sector.

Please submit any questions through the “Question Pane” of the GoToWebinar panel

Questions

How did we do?

Your feedback is important! Please complete the poll on your screen

THANK YOU!
