

Access to Energy

Delivering development for better lives

Presented by: Olivier Jacquet

Confidential Property of Schneider Electric

Life Is On

Schneider
Electric

As the global specialist of energy management and automation,
**WE BELIEVE ACCESS TO ENERGY
IS A BASIC HUMAN RIGHT**

How do you provide energy access to people who are deprived of it?

According to the International Energy Agency, nearly 1.2 billion people still lack access to electricity in 2016.

Energy creates social and economic development, it creates a better life

Health

safe lighting,
medicine storage,
health services

Life Is On

Schneider
Electric

The large-scale expansion of the business is continuing

4,2+ million
people at the
Base of the Pyramid
now have access to
energy 
through our offers and business models.

Projects of Electrification

- 128 rural primary schools in Kenya: <https://youtu.be/sJvYosihHq0>
 - 60 Communities in India in partnership with Tara (Technology and Action for Rural Advancement) <https://youtu.be/9uOUPo2FqD8>
 - 675 Households in Myanmar <https://youtu.be/2Sg0WJ8vb5s>
 - Experimentation with UEMOA & ABREC: a “multi-energy” plant to progressively offer to ~100,000 people access to the required electricity for irrigation, lighting, fish farming, farming transformation and the provision of drinking water without CO2 emissions.
