Answer

Session

Presentations

Dr. David Jacobs, Director, International Energy Transition (IET)

Attendee Survey

Solutions Center Background and Vision

CleanEnergySolutions.org

The Clean Energy Ministerial (CEM) launched the Clean Energy Solutions Center in April 2011. The Solutions Center:

- Is one of 13 CEM Initiatives, which include:
 - Global Superior Energy Performance Partnership
 - Super-Efficient Equipment and Appliance
 Deployment initiative
 - Global Lighting and Energy Access Partnership
- Helps governments design and adopt policies and programs that support the deployment of clean energy technologies
- Has more than 35 partners, including IRENA, IEA, IPEEC, Sustainable Energy for All, Bloomberg New Energy Finance and Leonardo Energy
- Is co-chaired by the U.S. Department of Energy and the Australian Department of Industry.

Clean Energy Solutions Center

CleanEnergySolutions.org

- Serve as the primary resource for clean energy policy information, assistance and peer learning for governments and government-affiliated practitioners.
- > Share policy best practices, data, and analysis tools across countries.
- Deliver dynamic services that enable expert assistance, learning, and peer-to-peer sharing of experiences.
- Foster dialogue on emerging policy issues and innovation across the globe.

Primary

- Government Policy Makers
- Advisors

Target Audiences

Goals

<u>Secondary</u>

- Private Sector Companies
- Energy Entrepreneurs and Investors
- Non-Governmental Organizations
- Civil Society
- Others Engaged in Clean Energy

Ask-an-Expert: Our Experts in Action

CleanEnergySolutions.org

Connects policymakers to a global network of more than 30 energy experts for quickresponse technical assistance on policies and programs relating to:

- Renewable Energy
- Energy Access
- Energy Efficiency
- Smart Grid
- Transportation
- Utilities

Delivered no-cost assistance for more than 160 requests from over 75 countries.

Please submit your question directly at cleanenergysolutions.org/expert

Dr. David Jacobs, Director, International Energy Transition (IET)

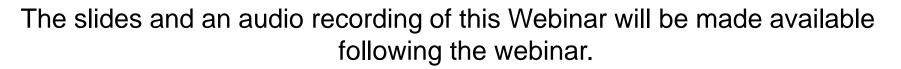

Dr. David Jacobs is founder and CEO of the consulting firm IET – International Energy Transition GmbH. He also holds the position of research associate and lecturer at the Environmental Policy Research Center of the Freie Universität Berlin, Germany. Previously, he was acting project director of the Transdisciplinary Panel on Energy Change at the Institute of Advanced Sustainability Studies in Potsdam and director of renewable energy projects at the consulting firm IFOK. His research focuses on financing, policies and framework conditions for renewable energy sources. Mr. Jacobs has an academic background in Economics and Languages and a PhD in political science. He worked as a researcher and policy consultant for several governments and international organizations (e.g. IRENA, World Bank, UNEP, UNDP, OSCE, IDB). He authored more than 50 articles, reports, books and book chapters on sustainable energy policy design in the developing and developed world. Next to research and consulting work in Europe and North America, he worked in a number of emerging economies and developing countries, including Azerbaidjan, Ghana, Nigeria, Malaysia, Saudi Arabia and Taiwan. In addition, he presented on renewable energy framework design in more than 30 countries around the globe.

Question and Answer Session

Please submit any questions through the "Question Pane" of the GoToWebinar panel

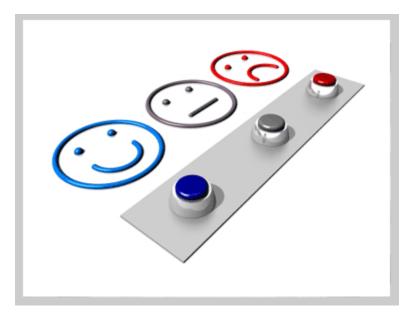

- Webinar recording, presentations, and information on upcoming and previously held webinars:
 - <u>https://cleanenergysolutions.org/training</u>
- Webinar recordings at the Clean Energy Solutions Center YouTube page:
 - <u>https://www.youtube.com/user/cleanenergypolicy</u>

How did we do? Your feedback is important! Please complete the poll on your screen

Your Participation is Appreciated!

THANK YOU!

An audio recording of this Webinar will be made available following the webinar.
